Prices are based on mud cake as it is the most popular choice today, there is an additional charge for fruit cakes.

TYPES OF CAKE AVAILABLE

MUD:

Dark chocolate, white chocolate, caramel or marble. Samples available. Cover can be fondant icing, ganache (a blend of cream and chocolate), or frosting (cream chesse with chocolate and butter whipped through it!) Sounds strange but tastes gorgeous.

FRUIT: Traditional or Light

Recommended covering is smooth icing or frosting.

We do not recommend any sort of fillings for wedding cakes. They can make the cake unstable, however the venue is usually happy to serve the cake with a swirl of coulis and /or cream.

Prices as September 2007
